President's Message

Summer has arrived. The only people left on Marco are some fishermen, fisherwomen and a whole bunch of fish. We have some very good reports on backwater and gulf fishing, so take a minute and look at the pictures in our website.

We are now in our summer mode. That means no more luncheons till fall. Hopefully, we can gang up with other clubs for picnics. The more the merrier.

Although our forces have been cut in half, we still have tons of stuff going on during the next few weeks. June 12th will be Dave Walsh's last picnic before he goes north so 'tis a must go. All are invited to the June 13th **FISH ANYWHERE DAY** and Porky's for dinner (separate checks). Don't forget to bring your catch.

June 28 is "THE NITE BITE". Sign up with your boat and join with the other boats to fish the full moon for snappers at night. At the June meeting during the 6-to-7 Chat session, I understand that Frank Renkel will be explaining the proper way to snapper fish and he will recommend what stuff is needed.

A special thanks is given to the volunteers for Kid's Fishing Day. It's a good thing when we can find the time to help others. There is still time to get on board, just call me.

WE NEED HELP! This summer we have only three picnics. We could use a couple of people to help with them as well as to help out with some of the other fishing events. Please remember the Board is working for you and your enjoyment. So please find it within yourself to get involved. Just let a Board member know you are interested.

THIS IS IMPORTANT. The board has discussed and has put together a plan to raise dues. The reason is to offset two increases of postal rates plus printing cost increases. Also, future events will be incurring increased costs of food and prizes. We intend to pass more items back to the membership and participants.

| <p>THE PLAN IS</p> <ol style="list-style-type: none">1. Annual dues will be \$40.00 per family. For example, when I pay the \$40 it will include my wife as a full member, name tag and all.2. There will be a \$10.00 discount off the \$40 if you opt to receive the newsletter electronically, by email only, instead of receiving a printed copy.3. And finally, new members pay all the above for their first year plus a \$10 "setup" fee. |

Because of increased costs, I believe this to be a fair proposal. I hope all of you agree and will cast your ballot in favor of this change when the time comes to vote in September.

Remember, clip those redfish fins. I will store them in my bait freezer. Just call me and we will make arrangements to get them.

Stay well, stay cool, keep your shrimp out of the sun. See ya' around the dock, Peter Arcidiacono

SEAWEED SEZ

- The next time you fish with a plastic bait or curl-tail, try this.
- Take an Alka-Seltzer tablet and break it in to small pieces. Make a small slit in the thicker part of the body. Insert a piece of the tablet into this slit.
- As you fish, the bait will fizz and emit tiny bubbles. This action and sound will attract fish, especially when fishing in stained water
- Be different: have fun!

There is room for your fish foto here.
