Dedicated to Safe Fishing in and Around Marco Island

President's Message for September, 2016

Hold on for just a few more weeks! The cooler weather is on it's way. And, if you've been fishing in this area for a while you know what that means...the Redfish will be here soon. Redfish, and the annual MSC Redfish Tournaments that go along with them, will be our focus for the next few months. If you've never caught a Redfish or haven't ever entered one of our Redfish Tournaments, this is your chance to participate in the Marco Sportfishing Club's signature events. Please take some time to review the information in this newsletter and/or go to the website to get additional information. Entries will be closing soon. Don't miss this opportunity.

As a reminder, there will not be a General Membership Meeting in September. Instead, we will hold our annual BBQ Cook-off and picnic on Thursday, September 8th. See the attached flyer and make your reservations for this fun-filled event.

I am pleased to announce that Capt. Sam Young has taken over the "Advocacy" role for the Marco Sportfishing Club and will be actively looking out for our best interests when it comes to fishing regulations, conservation, clean water and related issues. With the sheer size of MSC behind him as support, Sam will be communicating with key environmental, marine and political figures to make MSC's positions known in order to ensure that correct decisions are made. Sam's experience as a charter captain allows him to bring a unique perspective to his new role with the club. For the past year, Paul Milici had been handling the Advocacy role in addition to acting as Fishing Committee Chairman. On behalf of the Club, thank you, Paul, for all the time you spent working in both of these key areas.

With this as an excellent example, the Marco Sportfishing Club is only as good as the people who step up and take on the responsibilities that are needed to run it. MSC is a 100% volunteer organization. Planning for 2017 is now in full swing. Several of our members who have been involved in helping to run the club will be "retiring" at the end of 2016, opening up opportunities for others. We need the involvement of our members, old and new, to keep the variety and quality of our activities where they are now. If you are interested in spending some of your spare time helping to keep **your** club running smoothly, please let me know. We can use the extra help. Your fellow members will appreciate it!

I look forward to seeing you on the water.

Get Hooked!

Howard

Surprise Catch of the Month

Tarpon Hunt Report by Pete Arcidiacono

Our Tarpon Hunt turned out to be quite successful, just ask John Baker and Allan Bristow (pictured above). Talk about luck, these guys fished together and both caught a qualifying Tarpon for the MS Triple Crown Tournament. However, I can not get the truth out of either of them, on who caught the bigger fish.

The Hunt included about 8 boats fishing various locations around Marco. There were reports of "Hook Ups" and a few Sharks, but no other Tarpon was landed that day. Thanks to all the participants, it was a fun day all in all.

Kayak Fishing in Hell's Gate July 18, 2016 by Victor Ordija

This kayak/fishing outing, originally planned for Lover's Key, was moved to Hell's Gate as a result of the outbreak of blue-green algae that has significantly affected water quality in Estero Bay.

Eight Kayakers were able to make the event and fished the winding channels of Hell's Gate. The kayakers had to deal with warm and humid weather, but the cloud cover and light breeze kept the anglers reasonably comfortable. In fact by midday, winds picked up and kept the kayakers out of the open bay.

Many Mangrove Snappers were caught by the group, but most were undersized. A couple of Snook were caught with the largest being 25 inches and landed by Mike Larsen. Mike is now the leader in the Snook category of the **Kayak Fishing Challenge!**

Contact Victor Ordija at vicord1@comcast.net to sign up for the Kayak Group and receive information regarding upcoming trips. You can also sign up at the upcoming general meeting.

The August Kayaking Event occurred after the newsletter deadline. It will be included in next month's newsletter.

The Morgan Stanley Fishing Challenge is on-going. See the attached flyer regarding a special picnic to denote the mid-point of the event. To get details and forms for this event [Click on the Triple Crown link](#).
