## President's Message for June 2022

What a great month we had in May weatherwise. The winds dropped off and there were some absolutely “calm” days on the Gulf, and in the backwater. It was warm without the breeze, but not hot enough to fuel the afternoon thunderstorms we know are coming in June.

There were many club activities in May. We kicked off the month with two events on the same day. We held the second annual “Kayak Slam” team event, and the final “Buddy Trip and Dinner” on May 2<sup>nd</sup>. Both events were successful in providing our anglers time on the water, and the Buddy Trip Dinner concluded the season with a relaxing evening at the Paradise Found restaurant in Goodlands.

We quickly changed gears and joined Dave Walsh and his crew for the much anticipated “Quattro de Mayo” picnic on May 4<sup>th</sup>. This picnic featured a Mexican Fajita Bar with delicious Mexican foods. It was a festive outing to say the least.

Our May membership meeting was a “Fishing Clinic” held at St Mark’s Parish Hall on May 5<sup>th</sup>. Several club members prepared displays for the meeting that showcased topics from Offshore and Backwater Tackle, Charting, Boating Safety, and Knot Tying. The meeting attendees moved amongst the display tables, and it was not unusual to see them take photos of the displays while they asked the presenters questions. Truly an informative event.

On the fishing front, we continued the “Offshore Slam, proudly sponsored by Rose Marina” throughout the month and with the much-improved weather conditions, several anglers added to, or improved their catch. June is the final month to sign up for the tournament but there are 7 more months of offshore fishing left in 2022.

For our backwater anglers we held the “Spring Slam” on May 16<sup>th</sup>. The weather was perfect, and all agreed it was an enjoyable day on the water. The fishing was harder than expected, but fish were caught. See Charlie’s report for more details.

May 21<sup>st</sup> through May 27<sup>th</sup> was “National Safe Boating Week” and our members participated in a “Wear-It” event held on May 21<sup>st</sup> at Rose Marina.

There was a “Water Quality Workshop” that was held on May 23<sup>rd</sup> to outline the Waterways Advisory Committee’s (WAC) recommendations on a list of items from the September 2021, Environmental Research

and Design (ERD) Final Report. Many MSC members joined the session and there are still many issues to resolve.

We waste no time getting started in June with the annual “Steak Picnic” on June 1<sup>st</sup>. Our grilling team is ready to cook your steaks to perfection. It is always a great picnic, but it is the last “Dave and Susie Walsh and company” picnic for the season.

Our membership meeting will be held on Thursday June 2<sup>nd</sup> at St Mark’s Parish Hall at 7:00 PM – Doors open at 6:30 PM.

MSC has been asked to participate in a Florida Fish and Wildlife Conservation Commission (FWC) “Redfish Workshop” on June 8<sup>th</sup> to be held at Rookery Bay Environmental Learning Center from 6 p.m. to 8 p.m. The FWC wants our input on their proposed changes for redfish regulations. They have proposed nine management zones and will have redfish regulations tailored to the fishing reports from those areas. We want to hear more about these changes, and we are looking forward to having our voices heard. Our club needs your physical support

Offshore we continue the “Offshore Slam, proudly sponsored by Rose Marina” and for our backwater anglers we hold the always challenging “Hook that Snook” event on June 10<sup>th</sup>. This single species event has a few new wrinkles this year, so be sure to attend the Captains Meeting on June 9<sup>th</sup>.

Our Kayak group will head into Halfway Creek at the end of June. If you want to join the group, please contact Howard Laskau.

Don’t forget we have the monthly Fish of the Month (FOM) contest, and you can enter your catch for the leaderboard. June’s FOM is Permit.

We also begin registration in June for the four month long “Triple Crown Tournament that begins July 1<sup>st</sup> and run until the end of October. See Dave Schott’s flyer in this edition.

We also have one of our members looking to form a “Dive Group” within the club and we are looking forward to some highly informative images and videos from this group of our offshore fishing areas. Paul Doppelt is spearheading this group and more details will be made available via eblasts and on our website.

If you can – get out and fish!!

# Offshore Update – June 2022

## What's Happening Offshore...

Still windy...hopefully the summer pattern will bring calmer wind.

2022 ARS (American Red Snapper) season dates have been announced! Summer season opens June 17 and ends July 31. There are also 5 weekends in the fall season – Oct 8-9, 15-16, 22-23, Nov 11-13 and 25-27. Go get em!

Red Grouper are being caught typically in 100-120' of water, continue to get reports of nice catches typically in the deeper water.

Snapper are out there on the wrecks and ledges at all depths and will be spawning June / July. Some Cobia are still around but the migration has passed us until fall. African Pompano & AJ's are around structure. Permit are here, try the wrecks and reefs with higher relief and towers, they usually cannot resist a live crab.

Pick a calm day and get out there and have some fun...and be safe.

## Offshore Events...

### MSC Offshore Slam 2022, proudly sponsored by Rose Marina

#### **SIGN UP TODAY BEFORE YOU CATCH THAT TROPHY FISH!**

We made a few changes (see below) to make the year-long event more competitive...many thanks to those who provided suggestions. I think these changes will make this event even more exciting and I am looking forward to 50 or more anglers participating this year! The event flyer and signup sheet is included in the newsletter and is posted on the MSC website. Deadline to enter is June 30, 2022, but you cannot enter a fish in the tournament that was caught prior to signing up.

1. Added Mutton Snapper to the eligible Snapper species
2. Added the requirement that all fish entered must be of legal length to minimize handling of non-legal fish
3. Modified the "Slam" to add additional eligible species, and to require 1 Grouper, 1 Snapper, and any 2 out of 5 additional included species to complete the "Slam". The additional included species are Permit, Cobia, Kingfish, African Pompano and Amberjack.

Please show your appreciation to the great team at Rose Marina by giving them your business, and use your MSC membership card to get your club discount on fishing tackle / bait too.

Current standings are attached.

**Super Grouper Fall 2022** – Will be held in December, details to follow in coming months.

## Other Important Stuff...

Check out the Offshore Fishing reports on the MSC website, they are on the Offshore Homepage.

**Offshore Captains – Offshore Fishing Report submissions have started to come in again, thank you. Don't forget to send me your Offshore Fishing Reports and photos of any remarkable catches when you return from fishing!**

If you fish offshore and want to be added to our offshore email distribution, please send me a request via the link on the Offshore Fishing homepage and I will gladly add you to this exclusive team.

If you have any ideas, or want to volunteer to help with offshore events, feel free to contact me anytime.

## April, 2022 MSC Kayak Group Outing Isles of Capri Paddle Park

April's Kayak outing took place at the Isles of Capri Paddle Park on Tuesday 4/26/22. Originally, this was supposed to be a bass fishing trip to the Port of the Islands freshwater canals. But, the Everglades water management division has done some work in the canals recently, resulting in poor fishing conditions for now.

The trip started out on a beautiful morning at 7:45 AM, with 10 kayakers in attendance. It was easily the best weather day for a kayak trip in at least a year. Highs in the 80's, a good tide with no wind or waves to contend with. The entire trip was over 7 miles including upper and lower Johnson Bay. The scenery was enough to make it a great day on the water even if you're not catching fish, however that was not the case.

Among the species caught were Snook, Redfish, Snapper, and even a Barracuda. With their catches, Ken Robertson and Bob Schneider switched spots on the Kayak leaderboard. Ken recorded a 26 3/4" Snook, despite missing out on a slot sized one earlier in the day. Bob Schneider jumped into the top Redfish spot with what may be a hard to beat 26 3/4" Redfish.

In early May, the 2022 Kayak Slam Tournament took place. Look for the write-up of that event in this newsletter as well. If you have any questions or would like to get involved in Kayak fishing, and join our monthly outings, please contact Howard Laskau through the MSC website.

## 2022 MSC Kayak Slam Sponsored by Naples Outfitters

May 2, 2022

The second MSC “Kayak Slam” began on a beautiful Monday morning at the Isles of Capri Paddle Park. This event, sponsored by Naples Outfitters, provides kayakers of all skill levels with the opportunity to compete in an enjoyable and fun event. You don’t even need to own a kayak to enter this tournament! For those who wanted to enter but didn’t have a kayak, Naples Outfitters provided Hobie kayaks with pedal drives, and delivered the boats right to the launch site. It couldn’t be any easier!

By random draw, all novice to intermediate kayakers are paired up with experienced kayakers for the day of kayak fishing. However, if spouses want to compete as a team, they may do so, and are exempt from the random draw. This year, Gloria and Ken Robertson bypassed the draw and entered as a team. When the fishing begins, each team sets out in search of a Kayak Slam...a snook, a redfish and a spotted seatrout. The team with the most total inches is the winner!

Since “kayak fishing” was a new experience for some of the anglers, the experienced kayakers spent some time with their teammates giving them a “Kayak 101” introductory lesson. Once they felt ready, the teams made their way out into McIlvane Bay and headed for the mangrove trails, where they hoped to get their slams. Once the teams made it to the mangroves, additional on-site training was needed for some of the newer kayakers, who had to learn, pretty quickly, how to untangle themselves, their kayak and fishing line from the ever-present mangrove branches and trees that seem to be everywhere.

While the weather, fishing conditions and tide cooperated during the day, the fish, unfortunately, did not. The 8 teams of kayakers fished all over McIlvane Bay, Johnson Bay and Rookery Bay, but the redfish weren't biting and neither were the trout. None of the kayak teams were able to record a "kayak slam". Surprisingly, no team completed a mini-slam either (two of the target species). Luckily, 6 of the 8 teams caught a snook, so this tournament ended up being a snook tournament, and instead of a "kayak slam," 6 teams turned in a "kayak micro-slam" (1 of the target species).

At the end of the day, the big winners were the team of Bob Schneider and Mike Lopez. Mike (novice kayaker) landed a 27" snook. That single catch earned his team the winning prize of \$140

- 2<sup>nd</sup> place – Team Prize \$100 - Dave Dodd and Dave Walsh
- 3<sup>rd</sup> place – Team Prize \$ 80 - Gloria and Ken Robertson
- 4<sup>th</sup> place (tie)- Team Prize \$ 40 - Victor Ordija and Ron Linn  
\$ 40 - Ron Weiler and George Vlasuk
- 6<sup>th</sup> place - Team Prize \$ 30 - John Baker and Tim Cross

Congratulations to all and thanks again to Naples Outfitters for sponsoring the event and working with our group to ensure everyone who wanted to participate was able to do so.

Plans are already in the works for Kayak Slam 3, which will take place later this year or early next year. If you haven't tried kayak fishing yet, you may want to join us next time for a fun-filled day in the mangroves.

To find out more about the MSC Kayak Group, go to the "Kayak Fishing" tab, which is located under "Fishing Info" on the Marco Sportfishing Club website.

# Buddy Trip May 2, 2022

This was a beautiful day for a Buddy outing. The weather was perfect with warm temperatures and gentle breezes. Three boats from the north side of the island met three additional boats about 500 yards short of Coon Key. There were 16 anglers on the trip.

We started fishing around the Coon Key area, but the whiting and silver trout were not very cooperative. We were disappointed because both species are fun to catch, easy to clean and make a very tasty dinner. We moved on to a variety of keys where we caught some spanish mackerel, spotted sea trout, snook, snappers, bonnethead sharks, and lady fish. No Buddy outing would be complete without the invasion of catfish. This trip was no exception, as we caught more than we could count.

That evening, when the sun came down there was an atmosphere of relaxation and camaraderie, as the anglers and their significant others met for cocktails and dinner at Paradise Found. It was a fantastic evening of dining with friends after a day of fishing. The crowd totaled 34 people.

This was the last Buddy Trip of the season. We will continue again in the late fall. If you wish to join the **Buddy List** email Joe Perino at [rivpress@aol.com](mailto:rivpress@aol.com)
