Dedicated to Safe Fishing in and around Marco Island

President's Message for November 2022

Welcome November!

October was like a Steven King novel. Hurricane Ian's impact was varied and insidious. Unlike the pounding we received with Irma, the wholesale structural damage was minimal. Most roofs, lanai birdcages, and trees survived. Not many blue tarped roofs or huge piles of rotting vegetation were seen on island. Rather our members suffered vehicle, dock and lift damage. We also had many boats damaged and a high number of flooded ground floor or low elevation dwellings.

This time it was the wind driven storm surge, born from a slow-moving storm, which crept higher and higher until the water found its way into garages and pools. What we did see were huge piles of waterlogged furnishing, brown lawns and shrubs, and the "car graveyard" on Bald Eagle.

In addition, once the water receded and the skies cleared, we found our island without power, cell phone, and internet service. For some this was a temporary 2- or 3-day problem, for others the power and cell service were restored faster than the internet and cable TV. Some members were without reliable internet for more than two weeks. While this inconvenience pales in comparison to the near total destruction in those locations where Ian made landfall, it truly complicated life for those now stuck in a "pre-digital" world. Think of the 80's but without big-hair or disco music.

For our club, it became almost impossible to communicate effectively with the members. You could not depend on all those digital tools we use to keep our members informed.

The board met, post Ian, to review the upcoming October fishing events and concluded that the loss of boats, lifts, marinas, and the hazardous conditions in the waterways, made holding our two premier events untenable. We postponed them until November. Members are still working to get their lifts and dock power restored and/or dealing with home repairs and the need to replace, rebuild or repower their boats.

One fishing event that was not cancelled is the Triple Crown. Anglers in that four month-long event sought to improve their standings and several big fish were caught, including some tarpon. Who will win the event this year – stay tuned. The reporting of the event standings paused on 10/18 just to keep it interesting.

With the worst of October behind us we can look forward to November and be thankful for dodging a much worse drubbing from Ian.

We will hold a general meeting at St Mark's Parish Hall on November 3rd, and as previously mentioned, our two big Redfish events are scheduled. Our speaker will be Sargeant Angle Casanova of the Marco Island Police Department. He will be talking to us about the canals and waterways in and around our island.

"Redfish VII" will pit two teams of anglers to find Redfish in a fun event. Half of the anglers in the contest are assured of being winners. The event will take place in the second week in November and includes a picnic at the end of the event in Sarazen Park. Please see the flyer in this edition and be sure to obtain your MICA beach access pass, either hard card or digital version, prior to the picnic.

In the following week, leading up to Thanksgiving, the competitive "Redfish Two-Angler" event will test the skills of our two member teams to see if they can beat the "three-peat champions", John and Kate Mueller, who have dominated the event the last three years.

Our "Offshore Slam, proudly sponsored by Rose Marina", will enter its 11th month of non-stop action.

At the November meeting we will continue the registration process for the "2022 MSC Holiday Party". The gala event will be held at Eagle Creek Country Club on December 8th. Look for the flyer in this edition

In the first full week of December, Jim Scarpa will hold a "Super Snapper" nearshore event. Fishing for snapper will be in waters less than 85 feet deep. Look for the flyer in this edition

Just a reminder, it is time to renew your membership for 2023. The renewal period is from now to the end of December. The fee to renew is that same this year as, well... seemingly forever, and still only \$40/family. Perhaps the only thing that hasn't had a price increase this year! We encourage you to use the credit card renewal as that send the funds immediately to the club and provides you with an instant receipt of your payment.

If you can – get out and fish!!

Please note: Until all the world travelers get back from the cruise, there are going to be some discrepancies between information contained in the newsletter and what you see on the website. For now I think the best info is here. Of course I am a little biased. If you have any questions reach out to the event leader. Thanks, John (editor)

Offshore Update – Nov 2022

What's Happening Offshore...

ARS (American Red Snapper) - If you missed the summer season, or want to catch more ARS (...and own a gas station), there are 2 fall season weekends left – Nov 11-13 and 25-27. Go get em!

Red Grouper is closed to recreational anglers and for hire vessels through Dec 31, 2022 in state and federal waters. I do not recommend catch and release for these fish during the closed season due to the potentially high barotrauma mortality rate, let them be and they will be plentiful when the season re-opens.

Prior to the hurricane, there had been some nice snapper being caught, including some nice Muttons, with many in shallower water (50-90') near reefs / wrecks. I snapper fished once since the hurricane and it was a bust, hopefully it was just a bad day, but we did not mark the normal schools of snapper on the wrecks we fished, perhaps they were still scattered. There were a lot of Tripletail hanging around a floating palm tree in 70' of water, all undersized unfortunately – keep an eye on the crabs traps nearshore and out for Tripletail laying under the buoys, they cannot resist a live shrimp freelined or under a small float. Cobia are in the area migrating south and have been seen / caught on several of the nearshore reefs / wrecks, keep a live bait or big jig handy in case one pulls up behind your boat. African Pompano can be found typically near structure and as shallow as 80'. AJ's are around structure as well and season is open again until Nov 1. Spanish Mackerel schools are showing up feeding on the bait schools, look for surface activity and working birds to locate them, they are lots of fun on light tackle – don't forget the wire leader! Trolling lures or drifting larger live baits on the outer edges of the Spanish Mackerel schools may find a hungry King too. Permit are still here for another month or so, try the wrecks and reefs with higher relief and towers, they usually cannot resist a live crab.

Pick a calm day and get out there and have some fun...and be safe.

Offshore Events...

MSC Offshore Slam 2022, proudly sponsored by Rose Marina

We have 27 anglers signed up and some great prizes, don't forget to measure / photograph your catch and email them to me for entry. Current standings are attached. We have 2 anglers that have completed their Slam and several others that are close...it's going to get very interesting and competitive as we enter the final 4 months of the tournament fishing window!

Please show your appreciation to the great team at Rose Marina by giving them your business, and use your MSC membership card to get your club discount on fishing tackle / bait too.

Super Snapper Nearshore Fall 2022 – The event flyer & sign-up sheet are included in this newsletter and can be found on the MSC website. The captain's meeting will be held at the Crazy Flamingo Friday Dec 2 at 4:00 pm. The fishing window is Saturday Dec 3 through Sunday Dec 11. We have reduced the entry cost for crew for this event, and as usual captains are free. Fishing is 85' or less with the regular north and south club offshore boundaries in effect. Prizes for top three boats, largest snapper, most and largest Barracuda (wild card fish). Enter now before you forget. Deadline to enter is Friday Dec 2, 2022.

Other Important Stuff...

Check out the Offshore Fishing reports on the MSC website, they are on the Offshore Homepage.

Offshore Captains – Offshore Fishing Report submissions have started to come in again, thank you. Don't forget to send me your Offshore Fishing Reports and photos of any remarkable catches when you return from fishing!

If you fish offshore and want to be added to our offshore email distribution, please send me a request via the link on the Offshore Fishing homepage and I will gladly add you to this exclusive team.

If you have any ideas, or want to volunteer to help with offshore events, feel free to contact me anytime.

Tight Lines!
