

## **Application for new membership and member renewals in the Marco Sportfishing Club for 2018 are closed.**

If you were a previous member and did not renew your dues for 2018, your name has been removed from the Club's roster. You may rejoin MSC (subject to residency requirements) during the next open enrollment period by completing a new member application for 2019.

**Please check back in October for new member application and renewal information for 2019**

In the interim, feel free to browse the website and/or attend one of our monthly meetings to get better acquainted with the Club and the various activities we offer.

Please use your browser's "back" button to return the MSC website.
